Career Counseling

Job Placement

Do you need help Finding a job?

If you are age 55 years or older and frustrated because your current job skills won't allow you to compete in today's highly competitive job market, we can help.

The Senior Community Services Employment Program (SCSEP) assists older adults with limited income in finding employment through on-the-job training, career counseling, job search workshops, and much more.

This is how SCSEP works....

Once you are enrolled in SCSEP, we will meet with you to discuss your skills, talents, and interests. You will then be matched with a "host agency" (a non-profit or governmental agency) and begin your part-time, on-the-job training experience.

Besides providing regular part-time employment, training, and wages, you may receive the following benefits:

- Continued Social Security Benefits
- Annual Physicals
- Job Referrals
- Computer Training
- Resume Writing Assistance
- Interview Skill Training

A great opportunity...

This is a great opportunity to upgrade your work skills and gain confidence in a work environment while getting paid. You will have the opportunity to learn more about your community while serving in one of the host agencies. It is a win-win situation. Call today!
